

The Nationally Accredited Peoples Church  
**School-Age Summer Camp 2019**

## **Program**

**NEW THIS YEAR!** – You asked for them and you’ve got them! Please join us in welcoming some of our beloved Preschool Teachers to Summer Camp Staff Leadership. Co-lead teaching for specific weeks will be provided this summer by Beth Detzler, Sarah Macaluso, Julie Pitsonis, Trisha Germain and Judie Mirabelli-Migaldi.

**ALSO NEW THIS YEAR!** –In addition to onsite all summer, professional soccer instruction, this year’s camp offers an 8-week robotics class that can be taken while at camp!

**ENROLLMENT** - Students will be enrolled on a first-come, first-served basis until the camp is full. Full time, Full summer schedules are given first preference.

## **Curriculum**

The Peoples Church School-Age Summer curriculum has two areas of focus – Nature and STREAM. STREAM is an acronym for Science, Technology, Respect for nature, Engineering, Art and Mathematics. These activities are combined with daily physical activities and student-led research and interest topics.

**DAILY AND WEEKLY SCHEDULES** - Students will work in small groups by age in many areas of the curriculum, including some extra-curricular activities and many field trip destinations. All students will be dropped off and picked up in the main summer camp classroom.

**LESSON PLANS** will be created each week and posted in the Parent Information Area. In addition, lesson plans will be sent to parents via email prior to the start of each week.

\*Students are welcome to bring their own work or reading materials if they wish, as there are free-choice periods during the day.

**CURRICULUM WRAP UPS** will be created every two weeks and posted in the Parent Information Area. This will be a documentation source that shows photos of the students participating in the experiences listed on the lesson plan. Curriculum Wrap Ups are organized by a 5-page format that consists of General Photos (Cover), Cognitive Learning, Creative Learning, Outdoor Learning, and an Announcements page.

## **Communication**

**DAILY REPORTS** will be sent with each child via email, upon signing your child out on the Tadpole Management system. These reports will contain important field trip and special event information, a daily photo of your child along with a caption, and a Question of the Day for you to ask your child so that you can engage in meaningful conversation about your child’s day after camp.
