

## I'M READY TO BLOOM WITH YOU!

It seems like just yesterday that I was with you and we all decided God was calling us together. That weekend was a whirlwind of events and introductions, culminating in two marvelous worship services. I was amazed at the ways the Spirit moved through The Peoples Church. I felt it in your gracious hospitality, in the soaring music of the choir, in the bright faces of your children, and in your affirmation of my call. Sitting in the office, waiting for the congregational vote to be tallied, I gave thanks to God for leading me to such a wonderful, faithful and gifted community. I am very excited to begin my ministry with you on October 15th.

Of course not everyone was able to attend the events of the candidating weekend, so I thought I would take this opportunity to introduce myself to the wider community. My name is Shawnthea Monroe (no middle name) and I've been an ordained minister since 1995. I was raised in Vermillion, South Dakota, the eldest child of two professors. I hold degrees from the University of Minnesota (the other U of M), Yale Divinity School, and Chicago Theological School. My husband, Neil Mueller, is the trumpet professor at Central Michigan University (Fire up Chips!). We have lived in Minneapolis, New York City, New Haven, Boston, Fargo and Cleveland. Neil and I have three (mostly) grown children. Walter is finishing a degree in theater at CMU, Clara is a senior at Case Western Reserve University with a triple major in Mathematics, Economics and German, and Renold is a sophomore at MSU, majoring in Mathematics and World Politics. If you ask my children what I like to do, they will tell you I like to cook, garden, do Zumba, and watch old movies. All true.

As a minister, I have other interests and passions. Trained and ordained in the Congregational tradition, I believe that faith and service go hand-in-hand. I am an ardent student of scripture and theology, believing that the Christian tradition can provide a foundation for an abundant life full of meaning and joy. My greatest passion is preaching the Gospel—not just to adults but also to children. I love exploring how popular culture and Christian theology interpret and inform one another. And I fervently believe in something I think Anne Lamott once wrote, "God loves you just the way you are, and loves you too much to leave you that way."

As I said, I am anxious to begin my ministry with you. Yet as one chapter opens, another chapter closes. At present, I am carefully and prayerfully ending my ministry at Plymouth Church UCC. It is a bittersweet time in my life, so I cherish your prayers. Know that you are in my prayers as well. God has called us together and I look forward to the day when I am part of The Peoples Church.

Yours in faith and joy,

*Dr. Monroe*

# "RECYCLING RULES: KNOW IT BEFORE YOU THROW IT"

by The Earth Stewardship Committee

Recycling is important to direct materials for reuse into new products and to reduce the amount of trash that goes into the landfill. The Earth Stewardship Team of The Peoples Church advocates recycling and reusing materials whenever possible. The Peoples Church Preschool has been recycling for many years which also helps teach the children how to be good stewards of the environment. Recycling the right way is important so that as much material as possible can be reused. The essential key to good recycling is to provide the right items and it is critical that those items are clean and free of food and beverage residue. Items that are dirty can cause the entire load to be difficult to use or possibly not used at all. Know the basic rules for recycling the following materials:

**Glass:** rinse and separate tops and lids. Check to see if your curbside program accepts clear and colored glass. Lightbulbs and glass cookware are not accepted for curbside recycling.

**Metal cans:** rinse and recycle metal cans and lids from things such as soup and tuna. The paper wrapper doesn't need to be removed. Metal coat hangers, scrap metal, nails, and screws are not recyclable.

**Paper:** magazines, mail, and newspapers are accepted. No need to remove staples or windows from envelopes. Napkins, paper towels, tissue, or paper coffee cups are not accepted.

**Plastics:** check to see which types are accepted in your curbside or community program. Rinse and clean the containers and remove caps. Plastic bags and straws are not accepted. Grocery stores often have bins to recycle plastic bags.

**Cardboard:** flatten boxes and cardboard. Non-refrigerated paperboard or box-board (such as Kleenex or cereal boxes) are accepted. Most curbside programs accept cartons such as milk, cream, or broth but check the rules and always rinse them thoroughly. Any cardboard with food residue or grease, such as pizza boxes are not accepted. If it's clean, you can recycle the top lid of the pizza box.

**Other:** batteries should not go in the trash or curbside recycling bin they are accepted at specific locations. For special items, check the big recycling map in the hall across from the church office. Note that rope, twine, and wire of any material are not accepted and can jam up the processing machinery.

For more information on recycling, contact the Earth Stewardship Team or visit the Department of Environment, Great Lakes, and Energy's recycling site: [recyclingraccoons.org](http://recyclingraccoons.org)

Our annual *Come Out and Play* event is a part of the recertification process for our Outdoor Classroom renewal each year and took place in August.

This year, preschool families and community members enjoyed a warm, sunny evening of play on August 29. Families enjoyed some old favorites including: bubble blowing, baking in the mud kitchen, and building water walls with funnels, tubing and containers.

New this year was a soon-to-be favorite: pet rock painting. The highlight of the evening was entertainment by talented members of the *Shaky String Band* who performed live-ly dance music for everyone during the event.

**GREAT DECISIONS**

Great Decisions will meet again on **November 7**, with Dr. Manuel Chavez, MSU School of Journalism, to learn about the history and issues involved in European Populism and Immigration. We will meet in the Robertson Room from 4:30 p.m. to 6:00 p.m.

*Mass migration, and the problems associated with it, have directly abetted the rise of populist parties in Europe. Opposition to immigration was the prime driver of support for Brexit, it brought a far-right party to the German Bundestag for the first time since the 1950s, and propelled Marine Le Pen to win a third of the vote in the French presidential election. In addition to calling for stronger borders, however, these parties are invariably illiberal, anti-American, anti-NATO and pro-Kremlin, making their rise a matter of serious concern for the national security interests of the United States.*
